Whether you're looking to have a private candlelight dinner or large family celebration, this dining room is sure to please.

Four of the bedrooms feature a King size bed while one of the bedroom features a queen size bed. The 2-bedroom poolside apartment hosts 2 Queen size beds. Meanwhile, the entire 2nd floor is devoted to the Master Bedroom Suite. This lavish and picturesque boudoir holds a bed in the middle of the room that faces the ocean, luring you to greet each morning with the alluring sights and stirring sounds of the ocean calling.

Tranquility takes center stage as you withdraw to your private bathroom. Heavily influenced by contemporary spas, each room offers clean lines, commodious storage, stall glass walk-in showers, and fine fixtures throughout.

Both the family room and den showcase an ultra-wide sectional, accommodating guest seating, and an impressive array of vibrant décor.

Don't forget to book some time in the study, where a glass-top desk, rolling computer chair, black leather couch, printer, and plenty of cases and useful shelving await. Now you can finally catch up on correspondence or finish that book you've been meaning to get around to.

Outside

No island vacation is complete without booking some valuable time outside on your own private veranda. Here, you will uncover a remarkable resort-worthy pool and spa, surrounded by a plethora of lounge chairs and striking landscaping. In addition, there is a dining area and bar with an outdoor sink. Just imagine how wonderful it would be to dine alfresco, as you splash away your days playing under the sun and retire each night with a late-night dip beneath the stars!
