

Big Sky 19

Region: Big Sky Bedrooms: 3 Sleeps: 8 Bathrooms: 3.5

From this 3-bedroom condo you can walk to the free shuttle for skiing and snowboarding or wander to the village or town center for shopping and dining. In the summer, catch lively outdoor concerts or stroll to the farmers market for fresh produce and local crafts.

After a crisp day on the mountain or sunny day on the links, retreat to your warmly decorated condo with vaulted ceilings, floor-to-ceiling picture windows, and views of surrounding mountains. Outside, a private deck and hot tub overlook lush mountain views.

You can even savor mountain views from your private old-fashioned bathtub on the upper-level master suite, where you will have a king bed and elegant cottage-style furnishings. On the main level, a queen bedroom shares a bath with a kid-friendly bunk room, featuring a bunk and twin bunk, leaving plenty of room for siblings and friends.

For your convenience, this condo also features a laundry room and two-car garage. Please be advised that this home does not have air conditioning.
