Discover restaurants, shops, and resort activities in the nearby Mountain Village, a 5-minute drive away, and the lively town center, accessible in under 15 minutes.

Of course, with a fully equipped kitchen, game room and private deck, you may never want to leave home. Surrounded by soaring evergreens with panoramic mountain views from picture windows, this 3-bedroom chalet offers a feeling of escape and tranquility with modern amenities and elegant decor.

A great room with vaulted ceilings welcomes you home with two comfy full-length sofas facing a hardwood coffee table, a wood-burning fireplace with a stacked-stone chimney adding ambiance. A large flat-screen TV, books and games provide entertainment for cozy days off the mountain, while a Sonos sound system throughout invites you to fill the space with music. Also in the great room, there are two fireside-style armchairs beside a tulip table overlook the private deck, inviting conversations over coffee or moments of quiet reflection.

Just beyond the great room, lies the kitchen and dining area. A dining table seats up to six guests, while a charming breakfast nook adds high-top seating for three additional guests. Hardwood floors, log beams and a unique log chandelier give the dining area a modern cabin feel and granite countertops and stainless steel appliances in the kitchen create a comfortable, place for crafting home-cooked meals.

Conveniently located off the living area is the master suite, styled in elegant mountain decor with a king-sized bed in a hardwood frame, a stacked-stone gas fireplace with a mounted flat-screen TV, and an en-suite bath with dual sinks, a steam shower, and a luxurious soaker tub. Light streams through sliding doors leading to a private balcony.

A guest master suite, located on the lower level, features a king-sized bed, flat-screen TV, a leather armchair and views of forested grounds. The third bedroom, also located on the lower level, has a king-sized bed and a low-set crib, ideal for parents with infants or toddlers. This room has an en-suite bath with a shower.

A kid-friendly loft above the living area offers additional accommodations with one queen sized bed, one full bed, and an en-suite bath. This space also offers a full sofa and gaming area with a large-screen TV.

Outside, a wrap-around deck on the main level with a BBQ grill and comfortable patio furniture sets a cozy scene for apres-ski on blue-bird days or dinners outside on summer evenings. A private hot tub invites you to soothe sore muscles after a day on the mountain or simply take in the views.

For added convenience, this home also features a laundry room and mudroom with built-in shelving and cubbies for ski gear. A private one-car garage with space for an additional car in the driveway makes it easy to explore the surrounding areas, from the restaurants, shopping, golf course and family-friendly entertainment, to fly-fishing streams and hiking trails. Yellowstone National Park is accessible in 2-3 hours.

From your door, you will have ski access to the lift in the winter, and hiking and biking access to the trail network in the summer.
