🏠 3 📄 4.5 👥 13

This 3 bedroom mountain home is designed with easy winter ski access in mind. Summertime means beautiful, outdoor living areas with spacious decks, private hot tubs, and of course spectacular nearby Yellowstone National Park! Convenience to activities such as hiking, mountain biking, fly fishing, and rafting abound - not to mention direct ski in/ski out access.

The home offers three bedrooms, two with king beds and one with a bunk bed set and a twin bunk bed set. Each bedroom has a private bathroom. The master bedroom also offers a gas fireplace and a TV for comfortable nights in. The crew will also love to gather around the TV in the loft, which also has a private bathroom, or soaking in the luxurious private hot tub. An additional sleeping room is available on the two twin beds with trundles in the loft. With a newly refinished living room and dining area, this is the perfect mountain getaway home.

For your convenience, the home is equipped with a laundry room, one car garage and new grill located on the deck.

Early season ski-in/ski-out access begins in early December
