Breckenridge 16

🛏 5 🍴 4 👥 15

A modern cabin with vaulted ceilings, rough-sawn beams and cast-iron design accents, this home combines the atmosphere of a Western lodge with modern decor to create a stylish retreat just 5 minutes from downtown Breckenridge.

Ideal for groups, the home sleeps up to 15 guests between five full bedrooms and a kid-friendly bunk room.

On the main level, an open-concept layout creates a feeling of connection between guests, whether you are making cocoa in the kitchen, warming up the fireplace in the great room, or playing a game of cards around the rustic dining table. A large-screen SmartTV, mounted above a stacked-stone fireplace, is visible from all three areas. You will find plenty of room to sprawl out on the comfy sectional sofa.

A wall of windows opens the great room to a furnished deck with spectacular West-facing sunsets. On blue-bird days or cool summer evenings, fire up the gas grill or enjoy a glass of wine around the fire pit.

For sit-down dinners, the formal dining area seats up to 10 guests, with 6 cushioned stools at the breakfast bar for larger groups. An additional table insert can be added to accommodate 14 guests in total. The gourmet kitchen features stainless steel appliances, rich hardwood cabinets and all the amenities of home, including a Keurig coffee maker.

Just off the living area is a loft with a treadmill, elliptical machine and weights. After your workout, step onto the private balcony to recover with fresh air and mountain views. A spacious laundry room on the main level will keep you in fresh gear and toasty ski clothes.

Each bedroom suite invites relaxation with cozy throws and accent pillows. All have at least one large window and a TV:
