1st Floor - ground level contains

Garage

Heated, with space for 2 cars and all your gear.

Entry hall / powder room / laundry

When entering the home from the garage, you'll first walk into an entry hall leading into the main living space of the home. Look to your left, and you'll see a powder room at the end of the short hall with a closet housing the laundry (including a top load washing machine and dryer).

Family room / kitchen / dining

Look straight ahead, and the space opens up, inviting you into the main living area of the home with North- and East-facing windows. The family room is complete with gas fireplace, large flat screen, and comfy leather sofa and arm chairs. The sofa even pulls out to sleep two more people if you need the extra space, or simply want to watch a movie in style. On the left side of the room, you'll find the spacious kitchen area with refrigerator, oven, double sink, microwave, and all the appliances you'll need, like a crockpot, blender, and fully stocked spice cabinet! Once dinner is ready, head over to the 8-person formal dining table for a home cooked meal and lifelong memories with your crew.

Patio / hot tub

Head out the North-facing glass doors onto the large uncovered patio. Take a long soak in the 7-person hot tub, and sun bathe on the deck under the sunny mountain skies of the Rocky Mountains.

2nd floor - second level contains

Reading nook

Looking to get away for a private moment? Head up the stairs, and the space will open up into a quaint reading nook with East-facing windows. You'll find two comfy chairs for your favorite book or the morning paper.

First bedroom

Closest to the stairs, you'll find the first bedroom of the home with North- and East-facing windows and a queen size bed. With its own closet, and 6-drawer chest-of-drawers, you'll have plenty of space to unpack for your entire stay.

Second bedroom

Next door, you'll find the second bedroom with North-facing windows and a king-size bed. With it's own closet and 6-drawer chest-of-drawers, unpack and relax.

Second bathroom

For the two bedrooms, there is a private bedroom accessed via the hallway. Primp and prep for dinner with a bath tub / shower combination, and large mirrors!

Master bedroom / master bathroom

Head into the last door of the upper floor, where you'll find the Master bedroom with a California King bed, flat screen television, and three closets. With its own en-suite bathroom, including large soaker tub, separate shower, and double sink countertops, you'll have the space you need to relax.
