Windows showcase wooded scenery that adds to the warm ambiance. The fireplace is electric, heated, and features stacked stones all around for that classic cabin feel. The sofas are plump and welcoming, and there are side tables and lamps for drinks and late-night reading. You can enjoy a little entertainment on the TV, deal a deck of cards on the coffee table, pet Fido by your feet, and sip wine by the fireplace on chilly nights in this cozy space.

Kitchen Only steps from the living room is the kitchen that's fully equipped with everything you need to cook and serve meals throughout your stay. There's plenty of counter space to prep, and major appliances - including a fridge, stove, microwave, and dishwasher - are provided. You can prepare homemade favorites, reheat leftovers from downtown restaurants, grab snacks in a flash, and serve your precious pups their favorite treats.

Dining Area Situated in the heart of the kitchen is the dining area that offers extra counter space and a convenient place to enjoy breakfasts, lunches, dinners, and midnight snacks together. Extra seating is available in the living room, and the table is great for board games, setting up a homeschooling station, and coloring with the kids. It's also a nice spot for early risers to wake up with morning coffee and a leisurely scroll on their phone.

Rec Room Ready to play? Head to the rec room that features fun game tables, an arcade unit, and a comfy media space! Leave the foosball field a champion, beat your bestie at air hockey, and shoot pool anytime. You can also challenge yourself or friends to take down the highest arcade scores. Want to lounge around, enjoy a few cold ones, and chat? Kick back on the sofas with entertainment on the TV and snacks and drinks on the coffee table. The rec room is also a great place to send the kids while the adults make plans for the next day or set up a birthday party upstairs.
