

Enjoy your mountain retreat from the top of the world in this home. This two-bedroom, two-bath luxury cabin comfortably sleeps six, and provides all the comforts of home. Guests can get their beauty rest in one of the two queen-sized accommodations, or the queen-sized sleeper sofa.

The beauty of a vacation in the Smokies can only be enhanced by its remote location and solitude! Therefore, please be advised that the WIFI in this area is unstable. Downloading, streaming, and/or video conferencing may not be available.

Both bedrooms feature a television, a jetted-tub, and a private bath, with the main-level bedroom containing access to a private deck and the upstairs bedroom, a gas fireplace. Enjoy the cozy living room, featuring a big-screen television, an impressive, stone-stacked, wood fireplace, and more than enough room for everyone.

When you book your stay at this cabin, you receive free admission to popular Smoky Mountain attractions. This entitles our guests to one free adult admission ticket, per night stay, to attractions like Ripleys Aquarium, WonderWorks, Rowdy Bear Coaster, and more.

Cooking is simple in the fully-equipped kitchen, complete with large and small appliances. Serve dinner at the five-person dining table, with additional seating at the island. This home provides hours of fun in the game room, where guests can shoot a game of pool, enjoy a drink and snacks at the wet bar, or gaze at the awe-inspiring view of the Great Smokies from the over-sized windows. Out on the porch, guests can soak in the hot tub, swing on the porch swing, settle in one of the rockers, or prepare dinner on the charcoal grill.
