# Kamala 6462

A designer villa set over three levels with spectacular sea and sunset views, the six-bedroom Amanzi Kamala is an awe-inspiring holiday retreat. Found near Kamala Beach in an exclusive private estate, the villa blends intriguing modern design with its gorgeous tropical hillside setting to stunning effect. The 15-metre pool forms the heart of the villa, while expansive indoor and outdoor living spaces offer the perfect party pad, or simply a haven for some blissful relaxation with family and friends. A family/games room, guest kitchen and jacuzzi offer added flourishes of luxury, while the dedicated team of staff, including a chef, provide five-star service.

Villa Amanzi is located in the exclusive private villa development of Cape Amarin, found along Phuket's most spectacular stretch of road known as the Millionaires Mile. Wedged at the foot of a rocky headland cliff overlooking the sea, the villa offers a both a tranquil, verdant setting and dramatic views. A walk along the road could be pleasant enough but the climb up from the villa will leave you panting (ask the staff to zip you up on one of their motorbikes, if you wish). Steps lead from the bottom-level media room giving private access to a small, rocky cove where you can snorkel or launch the kayaks, conditions permitting. This is not suitable for the little ones, though, since the water is deep and can be choppy against the rocks. On the road back towards Kamala are the well-regarded upscale restaurants, Diavolo at Paresa, Plum at Cape Sienna and Silk at Andara Resort, all within about 3km. The town of Kamala, 6km away, offers a lovely stretch of sand and a calm bay for swimming as well as some casual Thai and seafood dining spots and local shopping, while busy Patong Beach is a 7km drive.

## Location

Peace and privacy are assured at Amanzi, set within the secure and luxuriantly landscaped Katamanda villa estate with unfettered views over Kata Noi bay. The white-sands of Kata Noi beach - one of Phuket's finest - are just 800m away, while the larger Kata beach lies just a little further to the north. Both Kata Noi and Kata beaches are known for their lovely sunsets and excellent surfing conditions during the south-west monsoon months of May through October. Making the most of those spectacular views, some of the island's best restaurants have sprung up on the beachfront and headland around Kata Noi, while the resort town of Kata offers several more dining, shopping and entertainment choices.
