

You will love this luxuriously appointed haven of peace for its magnificent 180 degree view over Orient Bay, certainly one of the most beautiful beaches on the island. From the overflowing swimming pool of this beautiful villa you can admire both its tropical garden and the bay.

The furnishings are definitely modern with paintings, sculptures and artefacts reflecting faraway travels. In the three bedrooms, Ali Baba, Massai and Grenade, with designer furnishings and en-suite bathrooms, you will find the cultural spirit which is central to the house. Two bedrooms are furnished with king-size beds, the third with twin beds which can be combined into a king-size. Each room, equipped with a flat screen TV and a DVD player, is air-conditioned and opens on to a terrace with a view over the sea.

The lounge opens to a sheltered terrace where you can relax or simply enjoy happy times with friends or should you wish to bathe the swimming pool is only a few feet away. It is also equipped with a 40' flat screen TV with American and French satellite and a stereo system to listen to your iPod. Thanks to WIFI internet service, you can connect from anywhere in the house.

The kitchen is very well-equipped with a refrigerated wine cabinet and throughout the house, everything is tasteful and carefully thought out, from the luxury household linen to the finest china and crystal glasses.
