Opulence and beachfront bliss define seven-bedroom Villa Ananda located on the secluded white sands of Natai Beach, in Phang Nga, just 25 minutes from Phuket International Airport. Part of the exclusive Jivana Beach Villas, this villa boasts four individual pavilions spread over 9,500sqm of beachfront property with spacious indoor and outdoor living and dining areas, an immense kitchen, family room, 25-metre lap pool and a vast tropical garden with well-manicured lawns. The full team of staff includes a private Thai chef, villa manager, groundskeeper, housekeeping, service staff, concierge team and 24-hour security. Perfect for families, groups of friends or special events.

With a pristine beach on your doorstep there is really little need to explore further. Natai Beach is stunningly beautiful with crystal clear waters, white sands and gentle waves (depending on the time of year!). The 'millionaires row' upon which Jivana Villas estate is found is an exclusive community of luxury properties which attracts many expatriates living in Phuket, Bangkok and the Asia region. The whole area is spotted with private villas and a handful of resorts enjoying seclusion that is becoming increasingly difficult to find in the Phuket area. Amazingly, the approach to the villa is dominated by fishing villages, roaming livestock and traditional farms and has a wonderfully local feel. The area is sufficiently remote that there are almost no shops or restaurants apart from a mid-sized Tesco-Lotus store for basic grocery items. Most provisions need to be sourced from Phuket, so use the shopping list provided and ensure that the kitchen staff are well briefed about your requirements.
