Plan a getaway for the whole family in this log cabin in the foothills of the Great Smoky Mountains. This four-bedroom cabin, three-and-a-half-bath comfortably sleeps fourteen, guaranteeing enough space for everyone. The Cabin features two king-sized beds, two queen-sized beds, two queen-sized sleeper sofas, and a futon to ensure a good night's sleep. Select bedrooms are complete with a jetted-tub, private baths, and private deck access.

When you book your stay at this cabin, you receive free admission to popular Smoky Mountain attractions. This entitles our guests to one free adult admission ticket, per night stay, to attractions like Dollywood, Ripley's Aquarium, WonderWorks, and more.

The beauty of a vacation in the Smokies can only be enhanced by its remote location and solitude! Therefore, please be advised that the WIFI in this area is unstable. Downloading, streaming, and/or video conferencing may not be available.

The living room offers plenty of seating, a stone-stacked, gas fireplace, and a satellite television, and the game room provides hours of fun shooting a game of pool, watching the satellite television, warming up by the gas fireplace, and enjoying views from the deck. Cooking is simple in the fully-equipped kitchen, and offers enough seating for six at the table, with additional seating at the counter.

Take advantage of the gas grill on the large, wrap-around deck and dine in the great outdoors, or sink into the hot tub, or one of the many rocking chairs. For your convenience, the cabin comes with a washer and dryer.

We encourage you to bring your four-legged friends, as the Country Living cabin does accommodate dogs for an additional fee of \$50/pet.
