This is a cozy one-bedroom, two-full bath cabin that can comfortably accommodate four guests. Located a mere six miles from Pigeon Forge, the home features a hot tub on the screened-in back porch. The front porch features a gas/charcoal dual grill for outdoor cooking as well as outdoor furniture and a porch swing for al fresco dining and relaxing. There is also a fire-pit in the backyard with additional space for the kids to play and parking for several vehicles.

When you book your stay at this cabin, you receive free admission to popular Smoky Mountain attractions with Xplorie. This program entitles our guests to one free adult admission ticket, per night stay, to attractions like Ripleys Aquarium, WonderWorks, Rowdy Bear Coaster, and more.

The beauty of a vacation in the Smokies can only be enhanced by its remote location and solitude! Therefore, please be advised that the WIFI in this area is unstable. Downloading, streaming, and/or video conferencing may not be available.

The well-equipped kitchen is perfect for preparing a home cooked meal to be enjoyed at the dining table with seating for four. Afterward, curl up on the couch in the living room, with its gas fireplace, DVD player and flat screen TV complete with full cable.

At the end of a busy day in the Smokies, retire to the King sized bedroom suite and enjoy the private jetted-tub. A comfortable sofa sleeper is located in the living room for additional sleeping accommodations.

We are also pleased to offer for a Golden Tee golf game and separate 57 game sit-down video arcade machine for some friendly competition/entertainment.
