Turks & Caicos

Located to the South-East of the Bahamas, Turks and Caicos is an archipelago of 40 low-lying coral islands within the Atlantic Ocean, only 8 of which are inhabited. Known as a highly exclusive and secluded destination, with some of the most beautiful coastlines in the world, visitors to the islands will find themselves surrounded by crystal clear water, white sand beaches and vibrant coral reefs. Every island is different and diverse - from the family-friendly Providenciales, to the tranquil North and Middle Caicos and the historic Grand Turk; each one offers a unique experience. A true private hideaway, pristine beaches remain untouched by tourism; each island is a hub for exotic birds, wildlife and tropical plants, and whales are often sighted just off shore. Visitors to the islands can enjoy a multitude of watersports and activities; with over 1000 square miles of coral reefs, Turks and Caicos is one of the top 5 diving destinations in the world. Whether you want to explore, embrace authentic Caribbean life or just truly relax in complete isolation, these islands promise an unforgettable experience and the holiday of a lifetime.
