Living area

The moment you open the door you are struck by the feeling of going back in time. There is a wonderful scent of cedar coming from the rough sawn paneling. The main room is warm and cozy complete with an adobe fireplace, handsome western furniture and the presence only high ceilings give. The bedroom is stunning, with a wonderful antique bed and hutch. Ample windows throughout provide gorgeous views of the mountains on one side and old growth trees, flowering shrubs and vines on the other - such a surprise here in the desert! It almost looks like a plantation.
