Creamy neutral walls mix with coastal-inspired furnishings and artwork to give the space a refined yet casual atmosphere. Wide windows with plantation shutters offer direct views of the ocean.

The kitchen features crisp white cabinets, stainless steel appliances, and granite countertops. A dining table has seating for up to eight people, making it the ideal spot for your group to gather together over freshly flipped pancakes in the mornings as you plan out your beach day.

Even with all the comforts of home inside, the sound of the waves, swaying palm trees, and the fresh ocean breezes will draw you outside to the deck again and again. A row of Adirondack chairs beckons you to sit down, relax, and stay a spell. It is the perfect spot to linger over a warm mug of coffee in the mornings or a glass of wine in the evenings.
