

# Seseh Tanah Lot 5696 - Villa Ombak Putih

Region: Seseh Tanah Lot Bedrooms: 5 Sleeps: 10 Bathrooms: 5

Ocean-inspired Villa Ombak Putih presents fresh white exteriors that echo the white-capped waves rolling onto Cemagi beach just 150 metres away. This pale palette also characterises the huge garden planted with snowy frangipani blossoms and sweetly scented jasmine and featuring a sunken poolside lounge and 30-metre swimming pool. Inside, white-furnishings are accented with splashes of blue and turquoise and tasteful time-worn artefacts. Five ensuite bedrooms include two masters with ocean views and three guest rooms in secluded garden pavilions. A full team of staff is on hand to look after every need with butler service and superb home cooking.

Villa Ombak Putih is the newest of only a handful of private residences that cluster around Mengening beach, just beyond Cemagi village - an ultra-modern retreat in a traditional coastal setting where the rhythms of rice growing mark the passing seasons and small villages yield glimpses of a way of life unchanged across the centuries. The dramatic coastline beyond the villa boundary is complemented by views across acres of rice fields towards Bali's string of volcanoes to the north.

### Location

Perhaps the best way to explore this beautiful rural area of Bali is by foot or bicycle (bicycle hire can be arranged); the lanes around Ombak Putih are flat and quiet as long as you steer clear of the main road. Five minutes' walk up the black-sand beach is the small sea temple of Pura Gede Luhur Batungaus; it sits on a rocky outcrop and is reminiscent of a miniature Tanah Lot, Bali's most famous sea temple located two or three kilometres further up the coast (9km by road). Heading inland, before you reach the main road, is a village temple and traditional market, where there always seems to be a lot of colourful activity.
