Seseh Tanah Lot 7683 - Taman Ahimsa

🏠 7 📄 7 👤 14

Taman Ahimsa means Garden of Peace which, apart from the rhythmic waves breaking just beyond the boundary of this magical seven-bedroomed villa on Balis south-west coast, describes the setting perfectly. Traditional materials of thatch, coconut husks, bamboo, rattan and recycled wood enhance a stunning natural environment, while Indonesian artefacts and ornate handmade fabrics lend unique character to interiors. After a day of relaxation or an invigorating massage by the pool, let your taste buds be dazzled by the villas skilled chef and his team before heading back to your dreamy bedroom pavilion with its starlit ocean views.

Taman Ahimsa is in the tiny village of Cemagi on Balis southwest coast, 11km north of Canggu and 9km south of Tanah Lot sea temple. Cemagi is approached through the pretty village of Mengening, along narrow streets surrounded by rice fields and punctuated by holy banyan trees. Although only 14km from the cosmopolitan glamour of Seminyak, these two villages retain the customs and culture of old Bali - there is a daily fruit and vegetable market, cows are herded through the fields and you can watch the rice and other crops being planted and harvested. Vibrant temple ceremonies are also a common sight, and you will often hear the sound of ritual music. The pretty beach in front of Taman Ahimsa offers delightful walks but is unsafe for swimming.

Location

Taman Ahimsa is located in the wonderfully bucolic seaside village of Cemagi. The villa is approached via rolling lush green rice paddies tended by local farmers. And once at the villa the sweeping views across the ocean to Uluwatu, on Bali's southernmost tip, are breathtaking. A few short steps and you are on the beach itself, the warm sand between your toes. And unlike the crowded beaches at Kuta or Legian, you will have this one pretty much to yourself!

If you have the urge to explore, some of the island's best surf breaks are located within a short drive, including Batu Bolong, Echo Beach and Seseh. Nirwana Bali Golf Club, named one of the best golf courses in Asia, is a mere eight kilometres away and is one of the most exotic places to play a round of golf with its tropical setting and spectacular ocean backdrop. And guests should not miss watching the sun set over Tanah Lot, Bali's most famous and revered temple, next to the Nirwana golf course.

While there may be some reluctance to leave the beauty and comfort of the villa and all it has to offer, the restaurants and nightlife of Seminyak are only half an hour (15km) away and Taman Ahimsa's car and driver are at your disposal.
