

📍 Taos Ski Valley

Taos Ski Valley 6

🛏 3 🚗 3.5 👥 6

This home is designed for complete high-alpine comfort, with plenty of gear storage for your ski vacation.

Supremely functional, each unit includes three bedrooms, featuring two king beds and two twins which can also be bridged together to form another king bed, three bathrooms, and a powder room.

Each unit incorporates locally sourced materials, such as dead-standing timbers and locally inspired themes. The feature wall in the living room, timber framing, and stainless steel firebox cladding all recall the valley's mining tradition. Beginning in the mudroom, galvanized steel panels and baseboards are a feature throughout. A refined rusticity permeates the whole.

This chalet is perfect for a group or a large family to enjoy all of what Taos and the Taos Valley Ski area have to offer. The chalet also offers a gas fireplace and wireless internet and is within walking distance to ski lift #4. Guests are also a short walk from the Bavarian restaurant, one of the best in the Ski Valley!

Please be advised that this home does not have air conditioning.

Note: A vehicle with four-wheel drive is mandatory to get to Bavarian Chalet as it is located at approximately 10,000 ft above sea level.
