

Corossol

Villa AKA

2 2 4

Although the name stands for "also known as," Villa AKA has no alter ego. Rather, it is a straightforward, comfortable place for a family to enjoy their St. Barth vacation. The luxury rental property is built into a hillside in Corossol, with beautiful views over the bay, just a short drive from Gustavia and St. Jean and walking distance from the beach.

Villa AKA is laid out over two levels. The bedrooms are on the lower level and are reached via a long stairway from the parking area. The master bedroom has a window into the villa's swimming pool, along with a European king-size bed and an open bathroom with a shower and jetted bathtub. The second bedroom is more cozy but has a nice view. On a request, a small third bedroom can be opened, which shares a bathroom with the second.

The upper level has the large, open main living area, large kitchen, dining table, breakfast bar, TV area, and a guest bathroom. This can all be fully air-conditioned, and it opens onto a spacious, partly covered terrace with a heated pool.
