

# Villa Amalie

Region: Marigot Bedrooms: 2 Sleeps: 4 Bathrooms: 2

Villa Amalie perched on the Marigot hillside offers a splendid view over Marigot Bay. It features two bedrooms, two bathrooms, a pool and a Jacuzzi.

This lovely villa has a charming character thanks to a chic and ethnic style mixed with Danish design in strong black and white contrast.

This villa has a main level where living room, dining room and kitchen are inter-connecting. All rooms open onto a balcony overlooking the pool area and the view.

One level down, the master bedroom is tastefully decorated in black and white tones with touches of colors. It offers a king size bed and an ensuite bathroom. A private terrace nestled in the vegetation hides a Jacuzzi ideal for relaxing.

On this same level, the huge terrace well-exposed to the sun surrounds a large pool. Deckchairs invite you to sunbathe. A gazebo also offers relaxing sofas to read or have a nap in the shade.

Below, the second bedroom features a king size bed and an ensuite bathroom, also decorated in black and white colors.

This villa is ideal for a couple looking for space and comfort in a well-appointed home.
