Villa Angelina

🛏 4 🚿 4 👥 8

Just a short walk from Gustavia, Villa Angelina offers a pleasant and relaxing ambience on a terraced hillside with beautifully landscaped gardens. Constructed as a series of separate bungalows on different levels, complete with a pool on one level and a magnificently tiled Jacuzzi on another, Villa Angelina offers privacy as well as a great space for entertaining. You enter Villa Angelina to find a welcoming layout that blends this home's indoor and outdoor spaces perfectly. An open living area with an HDTV looks out over the covered hardwood terrace, green lawn and sun deck around the pool. Comfortable sofas offer plentiful seating both inside and out. Up a few steps are the indoor and outdoor dining areas, along with the fully equipped and convenient kitchen. The rare ambience of this space, especially when the lights of the harbor are illuminated, has brought success to many a party and art exhibition.

Across the terrace from the living area is Villa Angelina's master bedroom, with a king bed and luxurious ensuite bath with a rain-head shower and dual vanities. Across the lawn you find the second bedroom, also with a king bed and offering a wonderful view of the harbor all the way to the lighthouse. Blond-wood floors and a walk-in closet add to this bedroom's charm. The third bedroom is similarly appointed.

Constructed with pleasant variations in design and decor, Villa Angelina is the kind of home where family and friends can spread out and not feel as if they are on top of each other. Each guest will surely find his or her perfect spot to relax, whether in the sun or the shade, or perhaps in the hammock or the Jacuzzi.
