

📍 St Jean

Villa Cap Frehel

🛏 1 🚿 2 👥 2

Villa Cap Frehel offers an unbeatable location for a couple seeking a relaxing spot with an unbeatable view, along with a number of uncommon advantages. Just a short walk across a grassy lawn from the waters of St. Jean Bay, Villa Cap Frehel looks out at one of the most iconic views on the island, the long crescent of white sand stretching all the way to the beach near St. Jean Village.

Newly refurbished and nicely designed, this property offers both charm and the easy comfort of a small home with everything a couple needs to relax and unwind. The open-plan kitchen and living/dining area gives guests a place to get out of the sun after a day on the beach just a short walk away. The bedroom on the second floor offers a superb view from its own private terrace as well as an ensuite bath. A dining table indoors makes a good spot for a lunch-break out of the sun, while the table on the terrace is perfect for candlelit dinners with nothing but the sound of the surf as background music.

Situated in a little-known and gated community, Villa Cap Frehel provides a rare balance of convenience and seclusion. Access to a private tennis court just steps from the villa is a yet another uncommon benefit.

Please note that a minimum 7-night stay is required year-round. All bookings during the Bucket Regattas and Les Voiles de Saint Barth will be charged at the Thanksgiving and Holiday Rate.
