

Villa Caramba is a delightful home located at the end of the peninsula neighborhood of Pointe Milou, offering sun and sea breezes and magnificent views. Though modern in layout, its decor evokes West Indies tradition with wicker, white upholstery and mahogany beds and writing desks.

Villa Caramba's rooms are bright and airy with dining on the covered terrace overlooking the pool area. Located all on one level, the house is easily accessible from the driveway by a few steps. A new path leads down to the water and the dramatic, rocky coastline.

Villa Caramba may be rented in combination with the nearby Villa Little Caramba for a total of three bedrooms.
