Villa Cocoloco

Inviting natural materials, such as woven straw pendant lamps, nubby linen fabrics, and pleasingly weathered wood give the Balinese-inflected Villa Cocoloco its own distinctive charm. The newly renovated luxury rental property makes you feel connected to the natural world around you, and the sunset views make that feeling all the sweeter.

Villa Cocoloco is located in the quiet and beautiful Pointe Milou district of the island, with a terrific view of the Bay of St. Jean and St. Martin. Its proximity to the Christopher Hotel gives you access to the hotel restaurants and spa.
