

📍 Grand Fond

# Villa Cote Sauvage

🛏 3 🚿 3 👥 6

There is a breezy Caribbean flair throughout Villa Cote Sauvage, an easy-living rental property in the area of the same name. It is more cottage-like than some of the flashier, minimalist villas on St. Barth, but it is nonetheless elegant and stylish. And of course, all of the comforts and conveniences are there.

The location is also an advantage. Villa Cote Sauvage is close to Grand Fond and Toiny, which makes it perfect for walking and running in the area. It is also close to the entrance toward the walk to the Natural Pools. That said, if walking isn't your thing, there is ample parking and easy access by car.

There is an island color palette of blue, coral, and pale green throughout the three bedrooms and living area. This main social hub is an open space that combines living space, a dining area, and the modern kitchen. There is a covered outdoor space for dining and lounging. It has views of the garden and the hills of Grand Fond in the distance, although there is no ocean view.

One of the bedrooms is in the main building behind the living room. The other two occupy separate bungalows. The main one has a king bed and the others have queens, and they all have ensuite bathrooms with rain showers. The layout provides excellent privacy and quiet.

For larger groups, Villa Cote Sauvage can be rented with the house next door, Villa Wild Blue, for a total of seven bedrooms.
