

Perched high on Colombier hillside, Villa Grain de Folie offers a splendid view over Gustavia, the islands of Saba and St. Eustatius, and brilliant Caribbean sunsets. The villa is tastefully decorated in a contemporary style. From the living room and the kitchen, you can see the ocean and the sunset while watching a movie or preparing dinner. The two bedrooms are laid out so as to provide privacy and comfort; each has its own ensuite bath.

Villa Grain de Folie's air-conditioned gym with an ocean view offers the latest technology in fitness. The dining deck provides a wide vista from which you can contemplate the ocean, from the lights of Gustavia Harbor to the leeward point of St. Barth, and enjoy the sunsets all year long.

Nearby the neighborhood of Colombier you will find one of the most popular beaches of St. Barth, a famous bakery and a number of popular restaurants. A short drive takes you to town or to the shopping destinations in St. Jean.
