

Villa L'Abri Cotier

Region: Pointe Milou Bedrooms: 3 Sleeps: 6 Bathrooms: 3

Villa L'Abri Cotier combines the picture-postcard image of a Caribbean holiday - a sunny terrace, shimmering pool, and blue ocean - with a rare and inviting interior design accentuating warm and welcoming colors and a relaxing, suffuse light. Located in the prestigious Pointe Milou neighborhood, Villa L'Abri Cotier brings a touch of Provence to St. Barth.

This villa is tastefully decorated in shades of periwinkle blue, beige and off white. You enter directly into the large and comfortably furnished main living and dining area, which can be fully opened to the terrace and garden on three sides or can be closed for a more secluded, shady atmosphere. The pool and teak deck offers chaises for sunning as well as a fully equipped wet bar with stools.

A lush garden area adjacent to the pool provides an open shower overlooking the sea. The kitchen is modern, fully equipped with a stainless steel counter tops and quality appliances. There is a breakfast bar opening onto the dining and living room area. Two bedrooms are located on the second level, each with French doors opening on to a small private terrace. Each bedroom has a large, beautifully tiled bathroom with dual vanities.
