# Villa Le Moulin

🛏 3 🚿 3 👥 6

Villa Le Moulin offers 3 bedrooms, 3 bathrooms, a brand-new pool and a private access to the beach. Surrounded by a lush tropical garden, this villa is built around an old mill, where the master bedroom is located. Very private, this atypical small bedroom offers a private terrace opening onto St Jean beach. This villa has been recently re-decorated in a Colonial style with wooden furniture in off-white and chocolate colors. In the main villa, the living room opens onto the outdoor dining area and the garden facing the ocean. In the back, the well-equipped kitchen opens onto a second dining area. Two refreshed equal-size bedrooms are located on each part of the corridor.

You will appreciate the brand new large infinity pool area surrounded by a deck with lounge chairs and palm trees. You will feel like being on your own private beach... while sunbathing or relaxing. Ideal for families or beach lovers!
