Villa L'Oiseau Bleu

Cheerful is the first word that comes to mind as you enter Villa L'Oiseau Bleu, a newly built rental property overlooking St. Jean bay and the pond. The house is a place for easy living and enjoying the simple St.Barth lifestyle. The cushions and throws are colorful, the overhead lamps glow with a golden hue, and everything feels suffused with sunlight and warmth.

Villa L'Oiseau also benefits from its location in St. Jean. It is very convenient and close to boutiques, restaurants, and island services.

The living area is bright and comfortable, with windows on two sides to allow the sea breezes to waft through. It opens up onto the terrace, which has a swimming pool and sun loungers taking the magnificent view of the sea. The kitchen is off to one side of the living area, separated with a kitchen island and a breakfast bar that is a nice place to start the day with a cup of coffee.

The main bedroom is upstairs and has a king-size bed, and the other two are downstairs, one with a queen-size bed and the other with two twins that can be converted to a king. Each bedroom has an ensuite bathroom, a sea view, and access to a shared or private terrace.
