

Villa Maracuja

Region: Vitet Bedrooms: 3 Sleeps: 6 Bathrooms: 3

Villa Maracuja blends the beauty of Caribbean surroundings with the peaceful ambiance of Asian decor. Looking east over the Atlantic from high on a hillside in Vitet, this home is a favorite of many our guests who have fallen in love with its unique charm. An exquisitely landscaped garden of flamboyant trees, bougainvillea and palms envelops the property, creating a peaceful oasis under a vast expanse of blue sky.

Villa Maracuja's outdoor space makes the perfect place for an afternoon relaxing in the sun, whether on a chaise by the shimmering pool or on the Indonesian daybed beside the green lawn of the garden. A sheltered outdoor dining table for eight offers sunny island views at lunchtime and an expanse of starry sky at dinnertime. The open living area and kitchen are decorated in an elegant combination of colonial and Asian styles, and each of the three bedrooms is private and comfortable with well-appointed ensuite baths. The gym is ideally suited for training no matter what your preferred exercise, with step and cycle machines, free weights, floor-to-ceiling mirrors and a variety of fitness equipment.
