Villa Mauresque

🛏 4 🚿 4 👥 8

If, when you step into Villa Mauresque, the first thing that comes to mind is One Thousand and One Nights, that is completely understandable. The luxury rental property was inspired by Morocco, and it is full of elements that evoke the Arabic palaces and folklore.

Arriving at Villa Mauresque is like waking up as a character in a fairy tale or finding yourself as the protagonist of a movie or a novel. This is not your ordinary life. Here, you are transported into another world, one in which everything is one-of-a-kind, beautiful, and evocative.

While the decor is seductive, with its flowing curtains and vivid colors, the most most spectacular thing about the house is its view. The broad vista over the sea takes in Corossol, Public and Gustavia. It is a perfect spot for boat watching and has wonderful sunset views.

The villa is spread over four levels connected by stairs, and the four bedrooms are well spread out, making the villa a good choice for a group of friends or a family with adult children. There are many stairs, but there is also plenty of privacy.

The main building has the main, air-conditioned living space, convenient kitchen, and the master bedroom. The public spaces here open up to a covered terrace with a dining table. Two of the bedrooms are in a freestanding bungalows. The fourth bedroom is situated near the pool. All four of the bedrooms have lovely sea views.

Due to the remote location of Villa Mauresque, a 4x4 car is recommended.
