Villa Passage

There are many villas and hotels on the island of St. Barth that work well for a romantic weekend. But one of the most beguiling is Villa Passage, a contemporary luxury rental property situated in Corossol. That location gives it dramatic views over the charming village below and the lights and passing yachts of Gustavia in the distance.

Everywhere you look, there are spectacular panoramas of turquoise and blue. They feel animated as well, as the villa is a good vantage point for watching boats come and go. As many of the exterior walls as possible in this vacation home are made of glass, it is easy to lose yourself in the landscape and to surrender to the Caribbean island vibes.

Throughout the year, the terrace is an important part of Villa Passage. It has shaded and sunny areas around a heated infinity pool. There is a green area for sunbathing a little bit down the hill.
