Villa Pastels

🛏 4 🍽 4 👥 8

Villa Pastels is a little gem, situated in the Vitet countryside with pastoral and ocean views. Simplistic in style, the villa has been constructed using modern materials such as wood, polished concrete, steel and glass, while at the same time keeping a traditional island feel to it.

Decorated in subtle colors, mainly pure white and beige with the odd rare colorful object, Villa Pastels offers serenity and relaxation. A pool with steps leading into it dominates the teak wooden deck, with 6 teak lounge chairs and shaded areas. This villa is an excellent choice for people traveling with a small family.
