# Villa Safari

🛏 2   🛋 2   👥 4

Perched high on a west-facing hillside in Pointe Milou, Villa Safari provides a panoramic view of the Atlantic coast of St. Barth all the way from Lorient Bay to Anse de Cayes as well as the island of St. Maarten in the distance. And while the view may be captivating, Villa Safari's exquisite decor is eye-catching enough to compete. This Balinese-style home employs a range of hardwoods, stone and carefully chosen artworks to create a peaceful and soothing atmosphere. The sparkling blue heated plunge-pool invites you to take a break from the sun, and the Indonesian day bed makes the perfect spot for an afternoon break with a good book.
