Villa South Wave

🛏 2 🚿 2 👤 4

Villa South Wave is a perfectly dreamy place to disconnect. This newly built luxury rental property is situated in Toiny, very close to the entrance to the luxury hotel Le Toiny and its gourmet restaurant. It is well appointed, stylish, and designed with comfort in mind. The furnishings are modern and the overall aesthetic is one of spaciousness, tranquility, and beauty.

The layout of Villa South Wave is meant to ensure harmony and connection with nature. The living room has an open-plan design that connects it to the kitchen, making festive entertaining or simply cooking breakfast for your friends and family a pleasure. This kitchen has all the necessary equipment for preparing your favorite meals.

The two bedrooms are on the right side of this living area. The master bedroom is on the front side of the villa with access to the terrace and magnificent sea views. The second bedroom is behind it, with views over the lush garden and an outdoor shower that nurtures your connection with nature. Each bedroom has a European-king-size bed, an en-suite bathroom with a rain-head shower, and a walk-in closet.

Although Villa South Wave is an enticing haven, you might want to leave. The villa is close to all the hotels on the eastern end of the island, including Le Toiny, the Sereno, Guanahani, and the new Le Barthelemy. Their restaurants and spas are easy to access. Having a car is no problem, because there is ample parking at the villa.
