

📍 Flamands

Villa Triagoz

🛏 3 🚿 3 👥 6

When you picture a classic St. Barth villa, you probably picture something like Villa Triagoz. The luxury rental home is very well appointed but traditional in design, with high vaulted ceilings, a lot of white furniture, an indoor-outdoor layout, and an infinity-edge pool with beautiful views. In fact, there are many pleasing views to be seen from within Villa Triagoz, both over nearby Flamands Beach and over the green countryside.

With all the rooms under one roof and a bedroom that is specifically designed for children, Villa Triagoz is well-suited to a family with kids. It is charming, cozy, and comfortable. It is also a short walk from Flamands Beach and the Cheval Blanc St-Barth Isle de France hotel, with its restaurant and other amenities.

The property is cleverly designed to maximize sunlight, and the open floor plan helps to maximize family interaction and shared moments and memories. The large living area is open to the elements on both sides and close to the heated pool. It has plush, comfy couches as well as a chic Le Corbusier chaise. The dining table is in the middle of the free-flowing living space and the kitchen is off to one corner.

There are two master bedrooms, one on each side of this common area. Each has a European king-size bed and an ensuite bathroom with a shower. The smaller third bedroom is connected to one of these master bedrooms and has a queen-size bed.

The terrace has a wooden deck with lounge chairs, a small dining table that can be covered with an awning or open to the sun, and a barbecue.
