

Grand Fond

# Villa Wild Blue

4 4 8

Private and quiet, yet convenient and close to Grand Fond and Toiny, Villa Wild Blue offers the best of all worlds. Inside the luxury rental property, the decoration is soothing and simple, with nothing distracting or complicated. Overall the feel is modern, but it is also inviting and welcoming. It is a good house for a family or group of friends to feel at home.

Villa Wild Blue is centered on an open-plan living area and kitchen. Here there is a large L-shaped sofa and comfortable chairs. The kitchen is slightly separated by a large island, but those cooking in the kitchen can still easily socialize with those lounging in the living area. There is a covered outdoor area for dining. There are pleasant garden views, but there is no ocean view.

Along with this central gathering space, the main building has one bedroom on the ground level, with a king bed and ensuite bathroom with a separate WC, and a second bedroom tucked under the eaves upstairs. This bedroom also has a king bed and ensuite bathroom. The other two bedrooms are in separate bungalows spread around different sides of the deck and pool. These also have ensuite bathrooms, as well as ample space.

There is a closed fitness room that is adjacent to the living room. For those who prefer outdoor exercise, the area around Villa Wild Blue is very good for walking and running. It is also not far from the entrance to the walk to the Natural Pools.

The villa has easy access and ample parking. For larger groups, it can be rented together with the villa next door, Cote Sauvage, for a total of seven bedrooms.
